Very soon the rebis made ther appearance, and strange to say, not a sing e gun was fired by the pickets of the let Maryland regiment. The battery was soon engaged, and discharged shot and shell for nearly two hours, until nearly ali its ammunition had been expended.

The firing was spirited, and there is no doubt of its efficiency. Unable, however, to withstand each overwhelming force, the order was given to retire, which was done, and the entire column moved ever the Shanandeah giver; the retreat being covered by a company of the Fifth New York cavalry, about eighty strong. CAPE RACE, May 26 .- Further news by the Kangaroo — Great Britain—The news of the capture of New Orleans was received by the Canada, and was the occasion of much snrprise, and considerable disbelief, but coming from Southera sources, it was generally argued there was no room for donbt. The Times says it is a hard blow to the South, and a triumph for the North. Another proof that the North can do more harm to the Confederates than the Confed. erates can do to them. The Times asks how it will effect England? It says the Ameri oan minleters in London and Paris are told to assure the Government that plans are being matured for a mitigation of the blooktime to time in Paris, If the Federals pos

to the blookade of that city. There is only one thing wante', hat cotton should come down. If the Southern plan enthusiastically by an Immense multitude, ters trust it to the Federais, sufficient will doubtless be got to relieve the manufacturers; but if they remove or destroy their stocks, or refuse to bring their cotton down, its hard to say what was gained by the cap-ture of New Oricans The capture is credliable to the skill of the North, and is also an Item in the revenge of the Federals; but if the city is now to be blockaded on the iand side by the Federals, the gain will not be much by this mitigation of the blookade.
And in another article the Times says it is And in another article the Times says it is greeses rapidly. A regiment leaves to-mor-vain to deny the importance of the event; row night, and another the next. The Herald declined to believe the fall,
but admits that, if true, it would be a sig-

nal trlumph for the North, The Morning Post also doubts it, and thinks, if confirmed, it will not seriously affect the fortunes of either party, aithough a serious loss to the South. It says the utter hopelessness of the struggle is more apparent at each successive stage.

The Daily News says there is uo good reason for doubting the capture and regards

it of great importance. It highly enlagizes the consummate skill displayed by the North in this matter.

The news by the City of New York receiv ed just before the Kangarco left Liverpool of course dispeiled all doubts.

He states that a Methodist olergyman, the Rev. Mr. Rogers, and a Baptist olergyman, Mr. Charles Lones, together with other prominent men of his neighborhood, had been arrested and thrust into prison, and to avoid a like fate, WASHINGTON, May 26 -A synopeis of after having been repeatedly threatened, he left his home. He was on his way to Cincinnati, whence he intended, at a suit, able time, to proceed by way of Louisville and Nashville, again to his deserted home. He came by way of Cumberland Ford, and contrary to the "grapevine" dispatches we have had in the last few days with reference to the fight at Cumberland Gap, he says no such thing has occurred, though there certainly was a prospect of one, as our men seemed to be well prepared and eager for it. He is of the opinion that the Pederals will clear the Gap in a short time.

FIFTIETH REGIMENT INDIANA VOLUMENA MILITIA. —We have received letters of late, portraying the conduct of Col. Dunham as the most shameful and unsoldier-like that could be imagined in an officer. Whilst he sympathises with traitors, he abuses his own men without mercy. Why he is allowed to live, drinking whisky to drunkenness, negleoting his own duty, courting a rich second lady, keeping such men as Henry C Bousadds that General Halleck now holds that ton, his quartermaster, under arrest for preplace, and that 20,000 prisoners were taken. rended offenses, is what we wonder at. We If such a battle had been fought, we should know from private sources that his charges are false. liousion is well known in this WASHINGTON, May 26 .- Special to the community, and we only speak the sentiments of every good citizen when we say that Mr Houston is in every respect the Cotonel's superior. We receive anonymous latters from the Colonel's regiment, confirming much mere than we have stated, but fortear publishing at present. Could not our Governor say something that would be listened to by the superior officers? We hope for humanity's sake the Coionel will be removed and a good man put in his place.—Bedford (Ind.) Press, 14th inst.

We have heard similar complaints from gentlemen of integrity and standing, who reside in Bowlinggreen. Col. Dunham, instead of winning the respect and confidence of the loyal people there, to-day would not be trusted by some of them. This cendltion of things should not exist.

AN HONEST BROTHER. - A recent prayermeeting at Hartford was surprised, and a little amused, by the following remarks from an honest hearted brother in regard to the war: "It is all very well, brethren, to hold ont hopes, and to present the brightest side; but we are getting some bad news, as well as some that is good. Here, for instance, I read in the paper to day, that Besuregard, who has always some deep, infernal plot at work, has issued an order yes, an army order—that every woman and child in Corinth should be evacuated before Saturday night!"
